

Buyer/Supply Chain Relations

Kansas City, KS

Production Team

Hours: 8:00 am – 5:00 pm

Job Description

Buyer/Supply Chain Relations is a pivotal role within a production system. This position is tasked with ensuring on-time and in-full procurement and delivery of components, while maintaining a tight-knit relationship with vendors. The Buyer will apply LEAN techniques within procurement and throughout the supply chain to ensure consistent flow of inbound components. Striem is seeking an individual who wants a culture that demands excellence and one that has an execution mindset. This individual enjoys being part of the process, not just part of the outcome.

Responsibilities

- Assist in managing the Kanban card system
- Maintain all component information on Kanban cards and in the purchasing module of the ERP system, up to date and accurate
- Maintain vendor records in our ERP system up to date and accurate
- Cut vendor POs based on Kanban card flow
- Communicate transparency with our vendors to ensure mutual benefits are met
- Ensure all vendors are producing to our standards (lead time, communication, delivery)
- Bi-weekly or monthly calls with vendors to communicate any needs changes and capacity constraints, whether market based, or labor based

Qualifications

- Stellar attitude
- Execution mindset
- Ability to stay calm and flexible in emergency scenarios
- Excellent communication skills and ability to demand excellence
- Extremely high attention to detail
- Ability to lift 20 lbs.
- Proficient with Microsoft products
- Sense of humor

Area

The Production Team encompasses Fabrication, Machine Operation, Shipping & Receiving, Purchasing, Production Planning, and Quality Control.

About Striem
