IAPMO R&T Product Listing

IAPMO Research and Testing, Inc. is a product certification body in which its product certification system includes inspection and testing of samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and/or warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

This IAPMO R&T Listing is current as of August 19, 2026

File Number:

11168

Issued To:

STRIEM LLC.

2106 SOUTH 45TH STREET KANSAS CITY KS 66106 UNITED STATES

Product:

Solid Waste Containment Interceptor

Products are in compliance with the following code(s):

Uniform Plumbing Code (UPC®)
International Plumbing Code (IPC®)

Products are certified to the following standard(s)

IAPMO/ANSI/CAN Z1167-2023

Identification:

The product shall be permanently marked with the manufacturer's name and or recognized trademark and model number or designation. The product shall bear the UPC® certification mark.

Characteristics:

Solid waste containment interceptors herein include trap interceptors and non-trap interceptors of various configurations. Examples of some, but not all, solid waste containment interceptor applications include dental offices, medical offices, laundry applications and testing laboratories.

The manufacturer shall provide installation instructions, and the instructions shall specify the intended use and types of materials to be removed.

Solid Waste Containment Interceptor to be installed with other UPC listed fittings, in accordance with the manufacturer's instructions, and the requirements of the latest edition of the Uniform Plumbing Code.

Products listed on this certificate have been tested by an IAPMO R&T recognized laboratory. This recognition has been granted based upon the laboratory's compliance to the applicable requirements of ISO/IEC 17025.
